Just A Bit Of History:

From the centennial history of the church that was prepared in 1990, the school was started no later than 1905, as the records say it was decided that the school would start on April 1 that year. It was begun in a building that was built in 1898 or 1899 and "later" moved to 640 E. Willamette. The school was started when the building was at the Willamette address, but the history doesn't say when or where the building was moved. The school likely started between 1900 and 1905.

We hear God well when we listen to him often. Pray without ceasing. Make every moment one of praise to the Father.

And all these blessings shall come upon you and overtake you, because you obey the voice of the Lord your God.

Deuteronomy 28:2
